Bulletin of the Torrey Botanical Club 121(4), 1994, pp. 407–411

INDEX TO VOLUME 121, 1994

A century of change in the Staten Island flora: ecological correlates of species losses and invasions, 119
A comparative study of oak-dominated forests in the mid-Appalachians of the eastern United States and the Kumaun Himalaya of northern India, 369
ABRAHAMSON, WARREN G.: see How, Susan Torgerson, 338
ABRAMS, MARC D.: see Mikan, Carl J., 13; see Nowacki, Gregory J., 277
Acacia constricta, flowering phenology of, 215
Acer rubrum, invasion in young pine stands, 357
Acer saccharum subsp. *nigrum,* microsporogenesis in, 180
Adirondacks, flora of an unusually diverse old-growth forest, 76; forest community composition and juvenile red spruce age-structure and growth patterns in, 345
Agalinis strictifolia, 148
Age structure and successional dynamics of a presettlement-origin chestnut oak forest in the Pennsylvania Piedmont, 13
age structure, of red spruce, 345; of red maple, 357
age-diameter relationships in forest trees, 277
ALLISON, TABER D.: see Inouye, Richard S., 266
allozymes, *Agalinis strictifolia,* 148
Ambrosia deltoidea, flowering phenology of, 215
Ampelopsis brevipedunculata, colonization dynamics in, 107
anatomy, of *Langsdorffia hypogaea* (Balanophoraceae), 24
ANDRUS, RICHARD E.: New York State *Sphagnum* revisions, 69
anthers, in black maple, 180
Appalachians, oak-dominated forests in, 369
Arizona, gradient analysis of montane vegetation in, 251
Asclepias, seed buoyancy in, 160

Balanophoraceae, 24
BARBOUR, J. G.: SEE MITCHELL, RICHARD S., 295
BARTON, ANDREW M.: Gradient analysis of relationships among fire, environment, and vegetation in a southwestern USA mountain range, 251
BASILE, DOMINICK V., book review by, 380
BASKIN, CAROL C.: see Baskin, Jerry M., 40, 73; see Leck, Mary A., 230
BASKIN, J. M.: Nondeep simple morphophysiological dormancy in seeds of the mesic woodland winter annual *Corydalis flavula* (Fumariaceae), 40; Misapplied name of the purple coneflower in the ecological studies of John E. Weaver, 73; see also Leck, Mary A., 230
Battey, N. H., editor of reviewed book, 380
Berry, Fred, author of reviewed book, 299
biodiversity, in old-growth forest, 76
Biosystematic Monograph of the Genus *Cucumis* (Cucurbitaceae)–Botanical Identification of Cucumbers and Melons (book review), 300
black oak, bud bank in, 62
bladderwort, *Utricularia inflata,* new to New York State, 295
BOWERS, JANICE E.: Flowering phenology of six woody plants in the northern Sonoran Desert, 215
Brako, Lois, author of reviewed book, 301
BRATTON, SUSAN P.: Historic field systems and the structure of maritime oak forests, Cumberland Island National Seashore, Georgia, 1
Brauneria angustifolia, 73
breeding system, in *Buchloe dactyloides,* 170
British Plant Communities: Volume 1. Woodlands and Scrub (book review), 301; Volume 3. Grasslands and Montane communities (book review), 379
Brooklyn, New York, lichens of, 188
Brooks, Robert R., author of reviewed book, 382
browsing, effects of deer on invasion by trees, Minnesota, 266; effects on forest tree recruitment in Pennsylvania, 277
bryophytes, *Sphagnum* revisions, 69
Buchloe dactyloides, sex expression in, 170
bud bank in black oak, 62

CAIRNS, JOHN, JR.: see Holl, Karen D., 327
canopy structure in forests, 277
Carya tomentosa, recruitment in hedgerow and forest, 240
Catalogue of the Flowering Plants and Gymnosperms of Peru/Catálogo de las Angiospermas y Gimnospermas del Perú (book review), 301
Celastrus orbiculatus, colonization dynamics in, 107
Cercidium microphyllum, flowering phenology of, 215
Characteristics of shoots from the bud bank in black oak, 62
charcoal iron industry, 13
chestnut oak forest, 13
Chiricahuas, montane vegetation in, 251
CLEMANTS, STEVEN E., book review by, 301
clonal connections in *Solidago altissima* (Compositae), 338
cloud forest tree species, *Magnolia schiedeana,* 154
Colonization dynamics of four exotic plants in a northern Piedmont natural area, 107
Colorado, montane forest landscape in, 47
community composition, in an Adirondack watershed, 345; of oak-dominated forests in the mid-Appalachians of the eastern United States and the Kumaun Himalaya of northern India, 369
composite bundles, at angiosperm host/parasite interfaces, 24
Corydalis flavula (Fumariaceae), 40
cotton plantations, effect on maritime forests, 1
CRANE, PETER R., book review by, 87
Cumberland Island, Georgia, 1
Cyclocephala, beetle in flowers of *Magnolia schiedeana,* 154
deer, effects of, on invasion by trees, 266; effects of browsing on forest structure, 277

DELENDICK, THOMAS J.: Notes on the lichens of eastern New York City: Kings and Queens counties, Long Island, New York, 188
DENTON, MELINDA: In Memoriam, Elva Lawton (1896-1993): Bryologist and Teacher, 84
Dickenson, H. G., editor of reviewed book, 380

DICKISON, WILLIAM C., book review by, 383
DIERINGER, GREGG: Population genetic structure of *Agalinis strictifolia* (Scrophulariaceae), 148; Reproductive ecology of *Magnolia schiedeana* (Magnoliaceae), a threatened cloud forest tree species in Veracruz, Mexico, 154
DIMMIT, MARK A.: see Bowers, Janice E., 215
Disintegration of clonal connections in *Solidago altissima* (Compositae), 338
dispersal, effects on invasion by trees, 266; spread of *Lespedeza striata* in the eastern United States, 377
disturbance, in maritime oak forests, 1; role in development of a montane forest landscape, 47; and species extirpation on Staten Island, 119; history of and effects on forest structure, Pennsylvania, 277
DIXON, PHILIP M.: see Jones, Robert H., 360
dormancy, in seeds of *Corydalis flavula* (Fumariaceae), 40
DORN, ROBERT D., book review by, 384
Downum, K. R., editor of reviewed book, 298
drought, effects of, on invasion by trees, 266

Echinacea, misapplied name in, 73; *E. angustifolia*, 73; *E. pallida*, 73
EDWARDS, ADRIENNE L.: Seed buoyancy and viability of the wetland milkweed, *Asclepias perennis* and an upland milkweed, *Asclepias exaltata*, 160
Effects of exogenous growth regulators and a gibberellin inhibitor on sex expression and growth form in buffalograss (*Buchloe dactyloides*), and their ecological significance, 170
elevation, effect on montane vegetation, 251
embryo, underdeveloped, in *Corydalis*, 40
Encelia farinosa, flowering phenology of, 215
endothecial wall patterns in pollen of black maple, 180
epicormic shoots, in black oak, 62
ESPINOSA S., J. ENRIQUE: see Dieringer, Gregg, 154
Eurostia solidaginis, goldenrod gall gnat, 338
exotic species, colonization dynamics in four, 107; spread of *Lespedeza striata* through the eastern United States, 377
Experimental studies of hickory recruitment in a wooded hedgerow and forest, 240
extirpation in the Staten Island flora, 119

FAHEY, TIMOTHY J.: see Fain, Jay J., 130; see Volk, Timothy A., 140
FAIN, JAY J.: Fifty years of change in an upland forest in south-central New York: general patterns, 130
Fairbrothers, David E., author of reviewed book, 88
fields, old, 1; 266; 357
Fifty-three years of change in an upland forest in south-central New York: growth, mortality, and recruitment, 140
fire ecology, in maritime oak forests, 1; in chestnut oak forests, 13; in montane vegetation of the southwestern United States, 251
Flora of an unusually diverse virgin and old-growth forest area in the southern Adirondacks of New York, 76
floristics, in the Adirondacks, 76
Flowering phenology of six woody plants in the northern Sonoran Desert, 215
Forest community composition and juvenile red spruce (*Picea rubens*) age-structure and growth patterns in an Adirondack watershed, 345
Forest composition, structure, and disturbance history of the Alan Seegar Natural Area, Huntington County, Pennsylvania, 277
forest structure, of maritime oak forests, 1; of montane forests, 47, 251; and disturbance history, Pennsylvania, 277; of an Adirondack watershed, 345
Fouquieria splendens, flowering phenology of, 215
Front Range, Colorado, montane forest landscape of, 47
Fumariaceae, *Corydalis*, 40

gall, goldenrod, 338
genetic similarity, in populations of *Agalinis strictifolia*, 148
genetic structure, *Agalinis strictifolia*, 148
genotypic variation, *Buchloe dactyloides*, 170; *Agalinis strictifolia*, 148
Georgia, maritime oak forests, 1
Germination ecology of *Bidens laevis* (Asteraceae) from a tidal freshwater wetland, 230
GIBSON, DAVID J., book review by, 380
GÓMEZ, LUIS D.: see Hsiao, Shu-Chuan, 24
Gradient analysis of relationships among fire, environment, and vegetation in a southwestern USA mountain range, 251
gradient analysis, of oak-dominated forests in the mid-Appalachians of the eastern United States and the Kumaun Himalaya of northern India, 369
GRELLER, ANDREW M., book review by, 87, 301
Growth and anatomy of the vegetative body of the parasitic angiosperm *Langsdorffia hypogaea* (Balanophoraceae), 24
growth regulators and sex expression, 170

habitat loss, and flora on Staten Island, 119
HADLEY, KEITH S.: The role of disturbance, topography, and forest structure in the development of a montane forest landscape, 47
HANDEL, STEVEN N.: see Robinson, George R., 119

POSTAL BULLETIN 21875, 9-1-94, PAGE 17

UNITED STATES POSTAL SERVICE

Statement of Ownership, Management, and Circulation
(Required by 39 U.S.C. 3685)

1. Publication Title: The Bulletin of the Torrey Botanical Club
2. Publication No.: 0 0 4 0 - 9 6 1 8
3. Filing Date:
4. Issue Frequency: Quarterly
5. No. of Issues Published Annually: 4
6. Annual Subscription Price: $55.00
7. Complete Mailing Address of Known Office of Publication (Street, City, County, State, and ZIP+4) (Not Printer): Torrey Botanical Club, New York Botanical Garden, Bronx, NY 10458
8. Complete Mailing Address of Headquarters or General Business Office of Publisher (Not Printer): Torrey Botanical Club, New York Botanical Garden, Bronx, NY 10458
9. Full Names and Complete Mailing Addresses of Publisher, Editor, and Managing Editor (Do Not Leave Blank)
Publisher (Name and Complete Mailing Address): Torrey Botanical Club, New York Botanical Garden, Bronx, NY 10458
Editor (Name and Complete Mailing Address): Stewart Ware, Dept. of Biology, College of William & Mary, Williamsburg, VA 23187
Managing Editor (Name and Complete Mailing Address):
10. Owner (If owned by a corporation, its name and address must be stated and also immediately thereafter the names and addresses of stockholders owning or holding 1 percent or more of the total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and address as well as that of each individual must be given. If the publication is published by a nonprofit organization, its name and address must be stated.) (Do Not Leave Blank.)

I certify that all information furnished on this form is true and complete. I understand that anyone who furnishes false or misleading information on this form or who omits material or information requested on the form may be subject to criminal sanctions (including fines and imprisonment) and/or civil sanctions (including multiple damages and civil penalties).

Instructions to Publishers

1. Complete and file one copy of this form with your postmaster on or before October 1, annually. Keep a copy of the completed form for your records.
2. Include in items 10 and 11, in cases where the stockholder or security holder is a trustee, the name of the person or corporation for whom the trustee is acting. Also include the names and addresses of individuals who are stockholders who own or hold 1 percent or more of the total amount of bonds, mortgages, or other securities of the publishing corporation. In item 11, if none, check box. Use blank sheets if more space is required.
3. Be sure to furnish all information called for in item 15, regarding circulation. Free circulation must be shown in items 15d, e, and f.
4. If the publication had second-class authorization as a general or requester publication, this Statement of Ownership, Management, and Circulation must be published; it must be printed in any issue in October or the first printed issue after October, if the publication is not published during O[illegible].
5. In item 16, indicate date of the issue in which this Statement of Ownership will be printed.
6. Item 17 must be signed.

Failure to file or publish a statement of ownership may lead to suspension of second-class authorization.
